SUMMER OF FOLK

## THE NEW SPIRIT OF WORLD MUSIC

 [ethno-world.org](http://ethno-world.org)  [info@ethno-world.org](mailto:info@ethno-world.org)  [Ethno](https://www.facebook.com/Ethno)  [Ethno\\_World](https://twitter.com/Ethno_World)

Ethno is Jeunesses Musicales International's program for folk, world and traditional music. Founded in 1990, it is aimed at young musicians (13-30) with a mission to revive and keep alive global cultural heritage. Present in over 13 countries, Ethno engages young people through series of annual international music camps, as well as workshops and concerts, working together with schools, conservatories and other groups of youth to promote peace, tolerance and understanding.

At the core of Ethno is a democratic peer-to-peer learning approach whereby young people teach each other the music from their countries and cultures. It is a non-formal pedagogy that has been refined over the past 26 years, embracing the principals of intercultural dialogue and understanding. Ethno provides a unique opportunity for young people from across the globe to come together and democratically engage through music in a manner that is characterised by respect, generosity and openness.

28 JULY - 6 AUGUST / GLAMSBJERG / 16-30 YEARS

Ethno Denmark is one of the “cozy” Ethnos with around 30-40 participants. It will charm you with its beautiful countryside setting in an old farm complex, which nowadays is the home of a buzzing music school. Our hosts, the owners of this cultural oasis, are a Brazilian-Danish family, who are the musical heart of their community and also will stand for some of the action during those 10 summer days.

In Spring 2017 we will continue the success with our local youth orchestra “Folkestra” in Ethno style. These children will then eventually join the final concert and play a few numbers together with all the international participants at the camp.

Nothing short of mind-blowing is what the 5th edition of Ethno Germany will be in 2017. A colourful bunch of wonderful people from different corners of the world bring their instruments and their hearts to share with everyone else.

The ruins of Castle Lichtenberg will provide yet again the rustic yet fascinating backdrop for days full of workshops and nights full of jam sessions. Local support has been overwhelming and it is apparent that Ethno Germany is slowly becoming a local institution.

Ethno Germany celebrates diversity, promotes exchange and encourages empathy and solidarity. A sentence written on the wall of one of last year's concert venues sums the Ethno Spirit up: "The earth is but one country and mankind its citizens".
